Certification of Guarantee

This certificate is one of continuing guarantee.

Norpak LLC hereby certifies that our products sold to you comply with the federal food, drug and cosmetic act sections cfr 172.886 and cfr 179.180 including any and all applicable laws.

These products are designed for food contact and will maintain their useful properties to 120 degrees fahrenheit.

Norpak LLC (hereinafter called the "Seller") does hereby guarantee that the above described material, considering its components (including processing agents and additives that could migrate to the food contact surface) and the above described conditions of use hereafter sold by the seller to the buyer do and at the date of shipment and delivery, either be composed of components that are generally recognized as safe, are prior sanctioned, or in all respects comply with the federal food, drug, and cosmetic act of 1938, and all acts now or hereafter amending or supplementing the same including without being limited to the food additives amendment of 1958, all applicable state laws including but not limited to any prohibitions of intentionally added perfluoroalkyl or polyfluoroalkyl (PFAS) or phthalates, beginning in 2023, shall not be at the time of delivery adulterated or misbranded within the meaning of said acts or laws, and will not cause a product of buyer, taking into account the type of food and conditions of use specified above to be adulterated or misbranded, and are not and do not contain a misbranded hazardous substance. This is to further guarantee that the above described material is manufactured from high purity raw materials under conditions which assure its safety for its intended use. This is a continuing guarantee and shall be enforced until revoked in writing by the seller. The seller also guarantees the material does not contain any intentionally added lead, hexavalent chromium, cadmium, or mercury and the sum of the incidental concentration levels of these four metals if present in the material does not exceed 100 ppm by weight. The seller also guarantees that the material does not contain any substance, including without limitation any of the pregoing substances, listed pursuant to the California safe drinking water and toxic enforcement act of 1986 (proposition 65) in an amount that would require a warning to buyer's employees or others exposed to buyer's product incorporating the material.
